A LETTER FROM OMAR

December 4, 2018

Dear Friends,

It has been a very difficult year for all of us down here in Nicaragua and at Chacocente. But despite of all the negativity it may have, I want to remark the great support that we have received from donors and all the people who support Project Chacocente.

I recognize the great effort, hard work, love and dedication of our Board members to keep Project Chacocente running, but none of it would had been possible without the love and goodwill of our donors.

Every person who has given a penny to this ministry has contributed to the Kingdom of God. All the everyday miracles that happen at Chacocente, God performs them through the generous hearts of our donors. They are the ones spreading the seeds that will grow and multiply for the well being of so many. The Holy Scriptures are fulfilled everyday at Chacocente, because every time a donor gives for this Project, Mathew 25:40 is accomplished: *The King will reply, "I tell you the truth, whatever you did for one of the least of these brothers of mine, you did it for me."*

When I first started working for Chacocente, I was just looking for another job, but very soon I realized that more than a job, Chacocente was a ministry. And then I found myself immersed in this wonderful project of God. Almost 12 years have passed and I still get astonished and amazed by all the wonderful things that God has done through this ministry. Chacocente has turned into a source of blessings. It feels like God radiates his blessings upon Chacocente just like the Sun radiates its light and warmth on Earth.

Project Chacocente has gone beyond expectations. It has not just blessed those that it was thought for, but it has blessed everyone who has approached it. Chacocente Christian School has surely been a platform of blessings where students, parents, teachers, staff and the entire community have been blessed. But guess what, Chacocente's blessings have not just reached those on the list I just gave you, but also the teams that have visited and worked with us over the years. The volunteers, the churches in the USA who have supported us, the colleges and schools that have enrolled in this adventure have experienced the blessings that Chacocente provides. Very often, I get emails or have people tell me how much Chacocente has changed their lives. How it has made them be better persons and see the world and service from another perspective.

I could speak from my own experience at Project Chacocente of the blessing it has been for me, not just economically, but so much spiritually as well; it has helped me grow in my faith and in my relationship with God. It has blessed me, so that I may be a blessing for others.

We are praying and hoping we can continue working alongside. For our future, we want to expand our Project to the communities beyond Chacocente. We want to improve the quality of water sources for the people in the area who lack potable water. We want to improve very poor people's housing we need your help. I can see Project Chacocente running for 15 more years, but we cannot do it without your generous hearts.

There is a reason why this letter reached you, so meditate and pray. And please continue your support flowing and allow us to be God's feet and hands.

May you all have a very Merry Christmas! Blessings!

Omar Antonio Hernández Roa

CHACOCENTE CHRISTIAN SCHOOL UPDATE

**GRADUATING
CLASS OF
2018**

We are thrilled that six girls and two boys earned their high school diploma this year. Despite the suspension of classes due to political unrest, our teachers worked diligently helping students throughout that period and once classes resumed assuring that when possible they could catch up and graduate.

PASSING THE FLAG

ACADEMIC SCHOLARSHIP

Nicaraguan tradition calls for outgoing seniors to pass the school flag on to incoming seniors.

Gabriela Nohemí Membreño Canda received a \$100 scholarship for having the highest grade point average. Congratulations, Gabriela!

CHACOCENTE UPDATE

Thanks to our donors, Darling and her family will soon be in their new home. Thanks also to our staff who worked hard to purchase the supplies and build the home.

ONGOING EDUCATION

Hi, I hope you are all doing well and blessed by our Father God. Through this writing, I want to let you know that I am doing very well and that I am loving my studies since I want to be a professional and help others.

You probably wonder why I chose Civil Engineering, but I just have to say that I love it and it's very beneficial for my future. It looks very difficult, but it is not impossible to achieve and thanks God and my donor it is being possible for me.

I want to share a little bit about my classes. I have been involved in computer classes, Calculus I and II, Geometric and Architectural Drawing, etc. I have to use architect scale rulers, T-Square, plan-bags (tubes), Scale, etc. We do Chemistry experiments and the more we advance, the more supplies we use. I can't tell you enough how thankful I am with my parents also who have supported me on this journey with great effort and love. They have helped me with transportation expenses and architectural supplies. But I am so very thankful to you for providing me the hardest part of all, which is tuition. I will continue to pray for my donor and for all the people who make Chacocente possible.

Well, thank you for reading my note and may God continue to bless you from Heaven and may all you do and wish in your hearts be blessed by God.

Allinson Gabriela Paiz Larios

"For I know the plans I have for you,' declares the Lord, 'Plans to prosper you and not to harm you, plans to give you hope and a future.'"

Jeremiah 29.11

Thank you for supporting Project Chacocente. Your prayers, donations, time, and work to share the story are making a difference, and we appreciate you! Your help is vital to continuing the work at Project Chacocente. Visit our website www.outofthedump.org for details about the various ways to sponsor and support the Project. Donations may be mailed to: Project Chacocente, PO Box 128, Lexington, MA 02420
